Separation Means

```
inline int max (int p, int q) {
                return p > q ? : q; }
```

meta

base

```
      REAL A(999, 999)
!HPF$ DISTRUBUTE A(*, BLOCK)
```

can understand base independent of meta

same holds for
virtual memory
system from before
